**Important:** Only valid for new products or products still within the warranty period. This is a digital article. You will receive a registration e-mail within 1 workday.

**As a customer, Torqeedo offers you warranty protection after the manufacturer's warranty has expired.**

The warranty extension for your Torqeedo product:

- Protection against unexpected repair costs after the original two-year manufacturer's warranty has expired.
- Warranty protection for an additional 12 or 24 months.
- Repairs in workshops approved by the manufacturer.

## What is the warranty extension for Torqeedo products?

The warranty extension protects you against unexpected repair costs. Services are in accordance with the scope of the manufacturer's warranty.

## What is covered under the extended warranty?

Our warranty extension that follows the manufacturer's warranty puts you on the safe side. With the warranty extension through Torqeedo service, you are covered against unexpected repair costs for an additional 12 or 24 months. This is because the services are in line with the scope of the manufacturer's warranty – which makes things as comprehensive as they are simple.
