

DEEP BLUE SYSTEM COMPONENTS

Motors

- Outboard
- Saildrive
- Inboard
- Low- or high-RPM
- 25 - 100 kW

Controls

- Side-mount sail throttle
- Side-mount motor throttle
- Top-mount single throttle
- Top-mount twin throttle
- Display with user interface

Low-voltage components

- Power 48-5000
- Power 26-104
- Solar charge controller

High-capacity batteries

- Automotive safety standards
- Integrated cooling (optional)
- Up to 12 batteries per system

Manufactured by BMW  

Chargers

- Shore power
- Solar charger

DC Generator

- Extended range
- Efficient battery charging
- Combined heat and power generation

Examples
