

Deep Blue Hybrid system

TORQUEEDO

- | | | | |
|---|---|----|--|
| 1 | Powerful electric motor | 10 | Isolated AC power system
(120/240 V AC current, 50/60 Hz) |
| 2 | 360 V high-capacity lithium battery system | 11 | Bi-directional DC/DC converter |
| 3 | 12 V batteries | 12 | 24 V on-board batteries |
| 4 | Efficient state-of-the-art diesel generator | 13 | Solar charge controller |
| 5 | Shore power chargers | 14 | Photovoltaic modules |
| 6 | System management unit | 15 | Electronic throttle |
| 7 | Shore power connection | 16 | Display with onboard computer |
| 8 | System connection box | | |
| 9 | AC inverter | | |
